

**TIMES-VIRGINIAN**  
WEDNESDAY, FEB. 15, 1922

Tucker Unanimously Nominated for Congress.

Democrats at Staunton nominated Mr. Tucker for the unexpired term of the late H. D. Flood for Congress from this district, yesterday. The Tucker delegates had the convention and proceeded to organize it by electing Hon. H. P. Baker, of Cumberland, temporary chairman, and A. H. Clement, secretary. Mr. Peyton was made permanent chairman. Before the roll call could be announced a motion to make the nomination of Mr. Tucker unanimous prevailed. The ballot showed Tucker 78; Strode 19; King 18; Boirne 8; Byrd 6. Mr. Tucker who presented to the convention made a very happy speech. Con. Strode also made a splendid speech.

Governor Davis Very Dry  
Governor Westmoreland Davis who asked if the Hall Buxton resolution proposing an amendment to the Constitution should be passed by this session of the Legislature, what would be the procedure to amend the Constitution as suggested, and what would be the effect of the amendment in regard to those who are now "politically dry" but "personally wet?", said:

In order to amend the Constitution of Virginia a joint resolution of the General Assembly would have to be passed by this session of the General Assembly proposing the amendment and a succeeding one, that of 1924 (unless there were a special session intervening) and the proposed amendment submitted to the people in the November election 1924, when if a majority of the voters sanctioned it, the amendment would become immediately effective.

If these courses were pursued the oath would be required of officials proposing to qualify after November 1, 1924, that they had not since the amendment had been adopted (1924) violated the prohibition law of the State or nation, and would not do so during their term of office.

There has been an effort by political propagandists to make it appear that this oath would take effect immediately and that those "politically dry" but "personally wet" would not be able to adapt themselves to the new conditions, as to hold office in the future. The fact is that the amendment to the State Constitution could not become effective until 1924, and that there would be full time for all to adjust themselves so as to, in and after 1924, if they correct their habits, take if they desire to do so, the oath which is known as the "bone dry oath".

Buckingham

The statement by one of the Mail order houses that they had lost one million dollars by the slump in prices, brings to mind our local merchants who find it hard to compete with the mail order houses, a merchant friend of mine made me a special price of \$3 on an article but it was priced at \$2.39 in the catalogue and so on down the line, at the same time some goods in other lines can be bought locally for less money, transportation costs considered than they can be bought from mail order houses.

Farmers who came from Laramie last week were not so well satisfied with their prices one man said his tenant divided his crop sending part to Lynchburg and taking part to Dulwyn and that he got \$5 in the hundred more in Lynchburg.

The terrible catastrophe of the burning Lexington hotel caused general sorrow here. Captain Snavy the veteran railroad conductor who lost his life was well known by the people of this county who travel on the James river division of the C. & O. Ry. and I think everyone liked him.

Maysville District school board met at the high school on the 8th at the request of Professor Groseclose and went with him over the work he has been doing and they found that he has added new features to the work and contemplated adding others, he has begun to test seed corn for farmers, he has in course of development a department to teach boys to repair harness. He contemplates having extensive hot houses to be under glass frames. The authorities are so well

posed with Mr. Groseclose that they want to retain him after he concludes his course at Blacksburg and with this end in view they propose to grant him a furlough for one year.

Mr. John W. Haskins who has been working for the B & O. Ry. in W. Va., has a furlough and has gone to visit his sister Mrs. C. D. Eubank, at Mayesville, N. C.

Mr. and Mrs. P. P. Glover made a visit to Afton to visit the Ellin brothers and Judge and Mrs. A. S. Hall on Saturday last.

Colored miners who made crops at their homes last year have gone to the mines and are working there during the winter months.

There is great need of a Blacksmith shop at this place. We have 2 garages, 4 stores, 2 miles, 3 churches, 2 hotels, post office, jail and courthouse, but one has to go one half mile beyond the village to get a horse shot.

Mechanics will have to use the parcel post some now like other people while the roads are not bad.

The condition as regards places to the horses around the court house wall was brought up before the board of Supervisors here at their last meeting, but no action was taken in the matter. As it is men who ride or drive here have to resort to church yards, private yards and alleys to tie up their teams and there is a wall around the court house square, but no gates to keep stood out.

The Board of Supervisors set the 1st Monday in March to lay the levy for the coming year. March 14th is Tuesday after the 2nd Monday in March and is the time set for the opening of the spring term of circuit court here.

The scarlet fever scare at Dulwyn does not seem to have amounted to much.

I think that no legislature that has met here in my time has ever gone so fully into revenue and reform as we did this year. March 14th is Tuesday after the 2nd Monday in March and is the time set for the opening of the spring term of circuit court here.

The scarlet fever scare at Dulwyn does not seem to have amounted to much.

I think that no legislature that has met here in my time has ever gone so fully into revenue and reform as we did this year. March 14th is Tuesday after the 2nd Monday in March and is the time set for the opening of the spring term of circuit court here.
